### **Explosive ordnance disposal teams to sweep area where munitions were found**

**FORT STEWART, Ga. (Aug 14, 2007)** – A U.S. Navy explosive ordnance disposal unit will work together with a Fort Stewart-based explosive ordnance disposal team in sweeping an area Wednesday where two unfired rockets were found in two separate incidents last week.

The Kings Bay Naval Submarine Base Mobile Unit 6, together with the Fort Stewart 731<sup>st</sup> Explosive Ordnance Disposal team, will sweep an area near Morgan's Bridge on Highway 204 for unexploded ordnance. The sweep is part of Fort Stewart-Hunter Army Airfield's continued assistance to local authorities in safely removing military munitions that are found in the public domain.

The rockets found in last week's incidents were safely detonated by the 731<sup>st</sup> EOD. Both rockets were Vietnam War-era Navy munitions.
